Part III STATEMENT OF REASONS FOR ALLOWANCE

1. This office action is in response to the amendment filed on 11/30/06 and response file don 12/13/06. Claims 57-74 and 90 are being allowed over the prior art of record. Applicant's arguments have been found to be persuasive. Prosecution on the merits is closed in this application.

The prior art of record such as Manduley fails to teach, or suggest the claimed limitations of (in combination with all other features in the claims), a system for delivering information to a selected location from a transmitting location having a converter circuit adapted to electronically receive said transmitted information and to convert said transmission to electronic form if said transmitted information is not initially in electronic form; and a reproducing circuit adapted to reproduce said information in human readable form, wherein said reproducing circuit also produces an indicia of payment authorizing delivery of said human readable information to said selected location.

Any comments considered necessary by Applicant must be submitted no later than the payment of the Issue Fee, and to avoid processing delays, should preferably accompany the Issue Fee. such submissions should be clearly labeled "comments on statement of Reasons for Allowance".
